## Gatsbys American Dream

We sat against the mountain side  
And overviewed this burn so bright  
But more will burn tonight I'll bury this town tonight  
(Tonight)

And paint the sky with fire The city is burning  
And I'll tear down the walls I'm gonna getcha getcha getcha, uh huh  
And there's nothing in the dark I won't bring to light  
(And I will bury you)
