Everything's Coming Our Way

Santana

Open your eyes, let it begin with me
Brand new day, fresh new way to live
The mornin' is callin'
Walk with me into the sunEverything is comin' our way
Everything is comin' our way
Everything is comin' our wayHere's my hand
Reaching out to you
Take it, darlin'
And lead me on, yeahEverything is comin' our way
Everything is comin' our way
Everything is comin' our wayEverything is comin' our way
Everything is comin' our way
Everything is comin' our wayI can feel it in my bones
No man stands alone
Sister, brother
From all the same seedEverything is comin' our way
Everything is comin' our way
Everything is comin' our way
