

No One Knows How to Love Me Quite Like You Do

Aaliyah

No one knows how to love me quite the way you do
Liyah you're the only one for me
Liyah you're the only one for me
The one for me, the one for me
No one knows how to love me quite like you do
No one knows how to love me quite like you do
No one knows how to love me quite like you do
No one knows how to love me quite like you do
When it comes down to the things I like
Boy, you know just how to satisfy me
You pick me up when I'm down, you put my feet on solid ground
And you make me your first priority
Keep it comin', keep it comin', babe
'Cause I like it, 'cause I like it, babe
Don't stop 'cause no one knows
No one knows how to love me quite like you do
No one knows how to love me quite like you do
No one knows how to love me quite like you do
No one knows how to love me quite like you do
When there are clouds on a rainy day
You know how to bring sunshine to my life, yes you do
And I've never felt this way before
You make me feel like I'm your goddess
Keep it comin', keep it comin', babe
'Cause I like it, 'cause I like it, babe
Don't stop 'cause no one knows
No one knows how to love me quite like you do
No one knows how to love me quite like you do
No one knows how to love me quite like you do
No one
Well it's the L I Y A H plus the second chapter
R. Kelly's spitin' tracks, as if it were tobacco
It's the ninties, time to get the pockets phat
So when I say book, you say read that
Now back to the matter of the song
No one knows how to love me like you do
I got words for you
Uh, forever my man
No one knows how to love me quite like you do
No one knows how to love me quite like you do
No one knows how to love me quite like you do
No one knows how to love me quite like you do
Liyah you're the only one for me
Liyah you're the only one for me
Liyah you're the only one for me
The one for me, the one for me
Liyah you're the only one for me
Liyah you're the only one for me
Liyah you're the only one for me
The one for me, the one for me
Liyah you're the only one for me
Liyah you're the only one for me

Liyah you're the only one for me
The one for me, the one for meLiyah you're the only one for me
Liyah
