Games

Handsome Devil

Yeah Na na na na na Oh Na na na na
Almost battleship your sights on my heart,
it was like operation when you tore it out,
Five card stud you were bluffing big,
it was just like monopoly when you sold me
Yeah Na na na na na Oh Na na na na
You're on my back when I try to run,
I ain't your whipping boy, as if you had one,
you like to make a fool of me,
I'm your hide and seek,
finish up with a game of war when you kill me
Yeah Na na na na na Oh Na na na na
Stop playing Games with my heart,
Stop playing me
Stop playing Games with my heart, (with my heart)

Yeah Na na na na na Oh Na na na na
I'm you're dice,
you kiss me for luck then you cast me to the ground,
come on let's go,
High speed chase, I'm both doom and disgrace,
I'm a sucker for your pretty face,
You want to catch me
Yeah Na na na na na Oh Na na na na
Stop playing Games with my heart,
Stop playing me
Stop playing Games with my heart, (with my heart)
[x2]Yeah Na na na na na Oh Na na na na
