

# Mr Bubbles

## The Ruminators

La la la la la  
I sing it when I drown,  
I see green,  
I see blue,  
Yeah I did it  
Well just to see you.  
Mr Bubbles,  
And his crown.  
Living in,  
His sentimental town.  
Well call her man,  
Suzie and tell her  
to come around.  
She's always laughing  
And always dancing to that sound.  
And it won't take long  
Until you feel her love.  
That's why we all love  
When Aunt Suzie comes to town.  
Mr Bubbles,  
And his crown.  
Living in,  
His sentimental town.  
And then there's Sidney,  
She knows how to get around.  
She knows every goddam guy  
Living in this town.  
And its not the water she's in  
That really makes her wet.  
Well that's why all the boys love it  
When Sidney comes to town.  
Mr Bubbles,  
And his crown.  
Living in,  
His sentimental town.  
And its crammed together,  
With a needle in its hand.  
Its funny how someday can be here  
And the next it can be gone.

Well smash it with something that is,

So so small.

Well that's what we will miss,

When Chad

He comes to town.

Mr Bubbles,

And his crown.

Living in,

His sentimental town.

Mr Bubbles,

And his crown.

Living in,

His sentimental town.

La la la la la,

I sing it when I drown.

I see green,

I see blue,

Yeah I did it,

Well just to see you.
