Half A World Away

Esthero

Tu me tocas
Tu me abrases
why tu me llamas
Pero me siento solamente
Muy solas.Across the sand
The warm air blows
From her eyes you know
She was half a world awayBites her lip and pulls her clothes
Caressed her thigh and soon
Night would turn to dayShe was half a world away
Half a world awayHe tells her not to close her eyes
Lifts his hands up to her face
And wipes her hand awayHe's the master of the lies
He makes the rules up for this game
He'll tell her what to sayAnd send her half a world away (half a world away)
My child, half a world away (half a world away)
Don't close your eyes (half a world away)
We're all on the run, from something we fear inside (half the world away)
We don't really know ourselves at all
