

One Hot Pleasure (Ralph Rosario's One Hot Dub)

Erika Jayne

I'm not aware where you are
But better get ready now
Put me in and plug me out
Get it, static breakout
I like to shimmer and gold
Shake it up with a dirty mind
And I'm already up, oh, oh
Automatic roll the dice
Rock me up in glamour
Click your camera, camera
Take a dirty picture (one hot pleasure)
Rock, rock, rock up my feathers
Strip it and shake it better
Take your dirty picture (picture, picture, picture)Up in here, we get it up in here
Shake it up in here, let's turn it up in here
Up in here, I'm getting up in here
Show some love in here, we getting up in here
Bang, bang, bang, bang, bang, bang, bang, bang, bang
One hot pleasure, one hot pleasure, one hot pleasureI'm gonna get deep in low
But better get with me now
Wrap it up and play it down
Get it, static downtown
I love the glamour and vogue
Rush it up with a wicked eye
So very Valentino
Automatic paradise
Rock me up in glamour
Click your camera, camera
Take a dirty picture (one hot pleasure)
Rock, rock, rock up my feathers
Strip it and shake it better
Take your dirty picture (picture, picture, picture)Up in here, we get it up in here
Shake it up in here, let's turn it up in here
Up in here, I'm getting up in here
Show some love in here, we getting up in here
Bang, bang, bang, bang, bang, bang, bang, bang, bang
One hot pleasure, one hot pleasure, one hot pleasure
