Blood Pig

Otep

Blood pig
Blood pigI'm sorry
I'm ugly
All that I am
And I can never live upI'm failing
I'm angry
Afraid of the ways
They pretend to be usIt's fucked up
I'm different
Words remain
My only escapeArt saves
All of me
EvolvingAnd now you're walking away!I'm not afraid
And now you're walking away!I'm not ashamed
Now you're walking away!(voodoo spell)My mistake
Was trusting youBlood pigs
Were creating my fateWith poetry
And sufferingI cannibalized
Every ounce of my painI'm still afraid
EverydayThese greedy worms
They devour my plaguesI'm not your slave
I'm conquering
You see me riseAnd now you're walking away!I'm not ashamed
And now you're walking away!I'm not afraid
And now you're walking away![bridge & tunnel]You can't get me anymore!
You can't get me anymore!Fed from the wound from
Which we were bledVomiting filth in
Our soft cave headsChewing on tissue,
Tendon and fatDestroying the things
They do not understand!Tyrant.Betrayer.Parasite.Traitor!!....and still u feed them
....and still u need themI'm sorry
I'm uglyDangerous
Can't describe it enoughI'm failing
I'm angryI use my fear
To empower my hateI'm fucked up
I'm different
Words remain
My only escapeArt saves
All of me

EvolvingAnd now you're walking away!!!I'm not ashamedAnd now you're walking awayI'm not afraidAnd now you're walking away!
And now you're walking away!
And now you're walking away!
And now you're walking away!(voodoo spell)My mistake!
Was trusting you!Blood pigsWith creating my fate!
With poetry
And suffering
I cannibalized....
Every ounce of my pain
I'm still afraid
EverydayYou still suckle my plagues
I'm not your fucking slave
So why you walking away?Blood pig!Why you walking away!?
