

Boycott Hell

Newsboys

We've gotta job to do
We're runnin' out of time to do it
You've got a gift to use
Get out in the world and use it Bury your foolish pride
We've gotta unionize
Hey, don't you think it's time to boycott hell?
Boycott hell We've got the strength to win
Standing arm in arm together
Forget our differences
We can change the world forever Bury your foolish pride
We've gotta unionize
Hey, don't you think it's time to boycott hell?
Boycott hell Don't let a neighbor go
Form a holy picket line
We've gotta let them know
Don't you think it's time to boycott hell
Boycott hell Guess who comin' through with a little disclaimer
Tune's okay but the words are gettin' lamer
Ain't no saint can legitimize
Rhymin' pride with time with unionize
See I agree we oughta boycott hell
But we oughta boycott dumb lyrics as well Don't let a neighbor go
Form a holy picket line
We've gotta let them know
Don't you think it's time to boycott hell
Boycott hell We've got a job to do
We're running out of time to do it
You've got a gift to use
Get out in the world and use it Bury your foolish pride
We've gotta unionize
Hey, don't you think it's time to boycott hell
Boycott hell
Boycott hell
Boycott hell
