Until The End Of Time

Flyboy

Until the end of time
I'm longing for you
And if you feel the same
Then show me your love
I'll give you everything that money can't buy
And I'll promise I'll be right by you side
I imagine being wrapped up in your
And feeling your heartbeat
And I find myself longing to hold you close
It's how I feel
'Cause I've been through a lot of these years
And I have lost the count of my tears
(CHORUS)
Until the end of time
I'm longing for you

And if you feel the same
Then show me your love
I'll give you everything that money can't buy..(can't buy)
And I'll promise I'll be right by you side..(til the end of time)
If only you could tell me what's on your mind
And show how you feel
And I wonder where you are heading this time
And where you belong
'Cause I know that if you would be here
I'll do anything 'cause my love is real
Even though moments are sad
I look into your eyes and
I know this will last
CHORUS x2
Things that money can't buy x3
