

Waiting For You

[T.S.O.L.](#)

Well...

I just can't say it

you got a certain way about you

I'll be down on the corner so just,

just float on by while I'm dreaming You keep me waiting for you, waiting for you, waiting for you

So tired just dreaming of you, dreaming of you, dreaming of you So long, so long, so long

I've been waiting, waiting for you...

Tonight, tonight, tonight

I've been dreaming, dreaming of you I stood outside

and I called you

Saw your voice come up out of the walls

I keep waiting for something I'm not so, sure of

Not thinking of anything, but you at all
