

# Cruel Heart

[Leigh Nash](#)

It takes a cruel cruel heart to take one like mine apart  
So full of wonder when we met now I'm just a mess  
I never knew that I could be looked right through  
I learned so much from you, I have a cruel heart too  
I was a fool to think that you loved me  
now I know that's not true  
Now thanks to you I have a cruel heart too  
Love is a losing game  
Not all hearts are made the same  
All made of bones and blood  
But you could never get enough  
I never knew, that I could be looked right through  
I learned so much from you  
Now I have a cruel heart too  
I was a fool to think that you loved me  
now I know that's not true  
Now thanks to you I have a cruel heart too  
Now thanks to you I have a cruel heart too  
I never knew, that I could be looked right through  
I learned so much from you  
Now I have a cruel heart too  
I was a fool to think that you loved me now I know that's not true  
Now thanks to you I have a cruel heart too  
Now thanks to you I have a cruel heart too  
No thanks to you, I have a cruel heart too
