Cocaine (U.S. Edit)

Nomy

You are in painBut I am who I am, so I do what I can when I can, but I can't really do a damn thing!So fine, this day
All your problems has gone away...
But tomorrow, when you wake up, all your problems are back to stay!Your life- a game
Turn it up, turn it up with cocaine!
And every time that you live
is a time when you feel and the only time you healTell me what it is and it would never be like this - A problem that we have in common baby tell me what it is, it probably doesn't mean a piss, yeah!
Rip my heart apart!Now it's too late, too late to live
Only heaven loves you now
so love it back for once, just onceNow it's too late, too late to live
And my conscience's killing me...
so am I alive but I'm not free.And for all of you that can relate to this too [x2]White snow- I know
You're on a place where I just can't go
But I hope you do remember, your snow doesn't warm you in December!You are in pain
Take your life, take your life with cocaine!
But I am who I am, so I do what I can when I can, but I can't really do a damn thing!Now it's too late, too late to live
Only heaven loves you now
so love it back for once, just once.Now it's too late, too late to live
and my conscience's killing me...
so am I alive but I'm not free.And for all of you that can relate to this too [x2]Tell me what it is and it would never be like this - A problem that we have in common baby tell me what it is, it probably doesn't, mean a piss, yeah!
Rip my heart apart!You are in pain
Take your life, take your life with cocaine!
But I am who I am, so I do what I can when I can, but I can't really do a damn thing!Now it's too late, too late to live
Only heaven loves you now
so love it back for once, just once.Now it's too late, too late to live
And my conscience's killing me...
so am I alive but I'm not free.And for all of you that can relate to this too [x2]Now it's to late... [x13]
