

# I'm A Fire (Craig C's Burning Club Mix)

## Donna Summer

I am a fire  
Can't you feel the heat  
I am a furnace  
Come burn in me  
You are you are you are  
The thing that makes me hotter  
I need I need your love  
To make me warmer  
I'm burnin'  
I'm burnin' Just like the sun reveals the sky  
Just like the torch become your guide  
I'm a fire I'm a fire  
And I'm burnin' so bright  
Just like moon heats up the night  
Just like star bursts into sight  
I'm a fire I'm a fire  
And I'm burnin' so bright I am a fire  
Can feel the heat yeah  
I am desire  
A girl in need  
You are you are you are  
The thing that makes me hotter  
I need I need your love  
It makes me warmer  
I'm burnin' I'm burnin' Just like the sun reveals the sky  
Just like the torch become your guide  
I'm a fire I'm a fire  
And I'm burnin' so bright  
Just like moon heats up the night  
Just like star bursts into sight  
I'm a fire I'm a fire  
And I'm burnin' so bright Burnin' so bright You gave me everything I am  
Came into my heart and tour it around  
How could I know you'd be the one  
Honestly I am so taken  
I believe in me and I in you  
You're like water on my chocolate  
Your light  
Can you feel it

Do I need to say it  
Can't you just feel it  
Take your time  
Let me feel it  
Oo baby, oo baby  
Oo baby, oo baby  
Oo baby, oo baby aye aye  
Ohh eee aye aye  
Ohh ee aye aye aye  
[Unknown]Just like the sun reveals the sky

I'm a fire I'm a fire  
And I'm burnin so brightI'm burnin'  
I need ya  
I'm burnin'  
I need ya
