'Cause a ho gon be a ho, nigga that's in the game

So all you niggas that be taking them out and buying thangs

That's less I got to do plus that bitch fed

I get her for half of everything plus some of that smokin' head

So what the fuck? You're a duck. Nigga spend your flow

See I know you just want to say you fucked my ho

But that ain't shit 'cause I ain't never been a sucker

I'll let you have that hoe, nigga I bet you I can still fuck her

Better recognizer, I'm the bitch-izer
