White Lies

Girls Aloud

White lies, yeah, yeah
One evening you came home an hour late
You told me not to worry, you been out with your friends
I couldn't help but realize the truth was being compromised
I could see it in your eyes
You say you just wanna make me happy but that's no reason
Let me see you, feel you, hear you, twist the truth around
I don't wanna hear you say, "I'm sorry babe"
'Cos now it's already too late, don't take the easy way out
Why you always trynna sing? What you think I wanna hear it?
It won't make it better 'cos you're ruining everything
You, I agreed to honesty but you had a change of mind
And so for me, you're history, you're ruining everything
Ruining everything, ruining everything
I called you on the phone the other day
Thought I heard somebody talking on the other end
But there you go again trynna play me for a fool
It will all come back to you
You say you just wanna make me happy but that's no reason
Let me see you, feel you, hear you, twist the truth around
I don't wanna hear you say, "I'm sorry babe"
But now it's already too late, don't take the easy way out
Why you always trynna to sing? What you think I wanna hear it?
It won't make it better 'cos you're ruining everything
You, I, agreed to honesty but you had a change of mind
(We agreed to honesty)
And so for me, you're history, you're ruining everything
So when will you tell it how it is?
(White lies)
And how could you let it end like this?
(White lies)
Just who do you think you wanna be?
(White lies)
And why did you keep it all from me?
(White lies)
No way out
No way out
No way out
No way out

I don't wanna hear you say, "I'm sorry babe"
'Cos now it's already too late, don't take the easy way out
Why you always trying to sing? What you think I wanna hear it?
It won't make it better 'cos you're ruining everything
You, I, agreed to honesty but you had a change of mind
(We agreed to honesty)
And so for me, you're history, you're ruining everything
So when will you tell it how it is?
(When will you tell me how it is?)
And how could you let it end like this?
(White lies)
Just who do you think you wanna be?
(White lies)
And why did you keep it all from me?
(White lies)
