I Thank Heaven

Baha Men

Heaven has already granted me my wish
Still I never thought it would be as pleasant as this
Though you have no wings like the angels up above
You have a Heavenly smile and also the gift of love
I promise to love you in everything I do
And know that you love me to
And I, I, I thank Heaven
Darling I, I, I thank Heaven
For sending you here to fill my loneliness
And to fill my lonely heart with love
And I am gonna kneel down
On my knees
Everyday and thank Heaven
For what he sent to me today
I promise to love you in everything I do
And know that you love me to
Oh, and I, I, I thank Heaven
Oh, I, I, I thank Heaven
Darling I, I, I, I thank Heaven
For sending you here to fill my loneliness
And to fill my lonely heart with love
Oh, I, I, I, I thank Heaven
Darling I, I, I, I, I thank Heaven
Said I am going to get down on my knees
I am going to thank Him for what He sent to me
For sending you here, to fill my loneliness
To fill my lonely heart with love
