

Fine Fine Life

for KING & COUNTRY

Love is on the side of the highway with His thumb in the sky
War is flying the fast lane, in a suit and tie, whoa
The sun is crashing in the ocean and you just can't help yourself
But wonder how we all forget It's a fine, fine life
It's a fine, fine life
Everyday I find
It's a fine, fine life, yeah I fell asleep in a casino, you should've seen her face
Feels like I'm stuck in the movie that was never made
Jesus stranded with a flat tire and He's grinning from ear to ear
And whispering these words under His breath It's a fine, fine life, it's a fine, fine life
Everyday I find, it's a fine, fine life
It's a fine, fine life
It's a fine, fine life, yeah I put a step in your bones, you're never alone, woo
Catch your cold, heart and soul, woo
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah It's a fine, fine life, it's a fine, fine life
Everyday I find, It's a fine, fine life
It's a fine, fine life, it's a fine, fine life
Everyday I find, It's a fine, fine life It's a fine, fine life, it's a fine, fine life
It's a fine, fine life, fine, fine life, it's your life...
