

Catalyst

Dorje

Call to me, fall for me, give me your disease,

Because I can't feel you anymore.

Haunted by your darker side,

Thrills me to the core.

You're perfect in every way that's wrong,

Catalyst inside.Catalyst inside

Catalyst insideBecause of this, I'll live until I die,

Catalyst, I owe you my life.

Because of this, I'll never need to lie,

Catalyst, you clear my mind.

I am open and receptive,

to all that's good, and is understood.

You'll just sit there and wait for me,

Say you have hate for me.

But I needed freedom, from my own face.

Please understand my reasons,

I'm just tackling my demons.Catalyst inside

Catalyst insideBecause of this, I'll live until I die,

Catalyst, I owe you my life.

Because of this, I'll never need to lie,

Catalyst, you clear my mind.

Catalyst.

Because of this, I'll live until I die,

Catalyst, I owe you my life.

Because of this, I'll never need to lie,

Catalyst, you clear my mind.
