## FANATIC—‡CRISIS

Saturday morning the sun is high so I can underline  
All of my hopes to get out from my tears  
So I, I can brightenWill be sunshine in me  
I'm living a life inside a broken life  
Will be sunshine in me  
I'm living a life inside a blinding lifeEveryday morning I can play with the sun but I see you again  
I wanna forget all your lies so I can go ahead, so I amI can't stand off it  
I'm turning around the same thoughts behind  
I can't stand off it  
I'm turning around the same thoughts behindSaturday morning the sun is high so I can underline
