Show Me A Sign

[Modestep](#)

This is for the ones who care
The one who isn't always there
This one's for you, now show me a signThis is for the ones who care
If you already know what has been said
This one's for you, now show me a signSomeone raise a lights up
Light up the sky above
If you're with me now show me a signSomeone raise a lights up
Lights up the sky above
If you're with me now show me a signSomeone raise a lights up
