Never Get Over You

Atomic Kitten

I'll never get over you
I turn around, I see your face
My head is just an empty space
Your kisses fade without a trace
Ooh, I'll never get over you
Precious moments we were one
But you're life's changed and you've moved on
Thinkin' about you everyday
Ooh, I'll never get over you
I need to feel you once again
Close to me remember when
My heart is restless like the wind
I'm missin' something from within
Until you bring it back again
Ooh, I'll never get over you
Never get over, never get over you
Never get over, never get over you
I don't believe I made you leave
When you are strong and I'm naive
The feelings gone and now you're free
But me, I'll never get over you
Need some time to find my way
Waitin' for that brighter day
Let my love just fade away
Ooh, and then I'll get over you
Time has come, I realize
I shouldn't need you in my life
My heart is restless like the wind
I'm missin' something from within
Until you bring it back again
Ooh, I'll never get over you
Never get over, never get over you
Never get over, never get over you
I need to feel you once again
Close to me remember when
My heart is restless like the wind
I'm missin' something from within
Until you bring it back again
Ooh, I'll never get over you

My heart is restless like the wind
I'm missin' something from within
Until you bring it back again
Ooh, I'll never get over you
Never get over, never get over you
Never get over, never get over you
Never get over, never get over you
Never get over, never get over you
