## Tantric

One two three What you realize, you feel inside  
Who'd ever thought you'd sit here and compromise  
I don't know why it has to be  
Nothing in life would ever come for free I never thought I'd hear you say  
That everything would be okay Where are you going?  
If you don't know where you're coming from  
Then you don't know where you're going to  
That's fine, it will be alright What you're looking for is peace of mind  
Why do you go and hurt us all the time?  
It's where I find myself another day  
Trying to find my way through it another way I never thought I'd hear you say  
That everything would be okay Where are you going?  
If you don't know where you're coming from  
Then you don't know where you're going to  
That's fine, it will be alright Where are you going?  
If you don't know where you're coming from  
Then you don't know where you're going to  
That's fine, it will be alright If you don't know where you're coming from  
Then you don't know where you're going to  
That's fine, it will be alright
