Tee Shirt

The Fault In Our Stars

In the morning when you wake up
I like to believe you are thinking of me
And when the sun comes through your window
I like to believe you've been dreaming of meDreamingI know
'Cause I'd spend half this morning
Thinking about the t-shirt you sleep inI should know
'Cause I'd spend all the whole day
Listening to your message I'm keeping
And never deletingWhen I saw you,
Everyone knew
I liked the effect that you had on my eyesBut no one else heard
The weight of your words
Or felt the effect that they have on my mindFallingI know
'Cause I'd spend half this morning
Thinking about the t-shirt you sleep inI should know
'Cause I'd spend all the whole day
Listening to your message I'm keeping
And never deleting
