

# Debbie in the Dark

## Dark Lotus

Together we take turns with  
Debbie in the dark  
We're all concerned with  
Debbie in the dark  
We'll never learn with  
Debbie in the dark, dark, dark, dark  
Lights on  
Come on, it's on once again  
We turned up, Debbie in the spot, let's get it in  
Teeth all black, ass is grey  
Breathin' on my neck and got my dick so straight  
Said she likes it rough, dance her bones off  
Rotted for a while, all up in the vertical smile  
Take my dick out, she wants it in her mouth  
Pull out and bust all in the face and tag the homie J  
Thank you Blaze, I'm goin' in face first  
This or poop stew, I don't know what tastes worse  
She had a tattoo of the devil on her belly  
Seen it with the flashlight app on my celly  
Push upon it, then her pussy farted  
Now she's giggling like she retarded  
(Oh, get slapped)  
Her neden got a turtleneck and it snaps  
Hot tag to Monoxide, quit that  
Together we take turns with  
Debbie in the dark  
We're all concerned with  
Debbie in the dark  
We'll never learn with  
Debbie in the dark, dark, dark, dark  
Keep strokin', the wall I see is the air  
But I hear chokin', keep going and I don't care  
And I've been hoping that it turn into somethin' that I can love  
It's just a fascination so keep fuckin' her  
On her rug is a cum stain  
Fuck her in the head cause I love brain  
Somethin' sticky, insane thing if I'm off chains  
Like my condom's stuck in her pussy  
And tell me it's the J's

And now I'm hearin' 2 Dope scream "get the fuck out the way"  
The funk of forty thousand years  
Mixed with mildew and pork rinds, it's filling up the edge  
So dark I can't see but I feel she ain't got no lips  
The bitch bit me and instantly I feel sick  
Now I'm pukin' blood but that ain't gonna stop me, woah  
Her head done fell off, fuck it bang her neck hole  
I'm goin' for mine but though instantly my meat burn ah, ahhh!  
Jamie it's your turn  
Together we take turns with  
Debbie in the dark  
We're all concerned with  
Debbie in the dark  
We'll never learn with  
Debbie in the dark, dark, dark, dark  
It's so dark all I can feel is sweat and sticky flesh  
It smells like shitty ass, and sex up in this painted mess  
Who am I to believe that true love is a lie?  
Well there's a naked witch with her legs yanked open in front of my eyes  
She's moanin', she's either hurt or she's happy  
She might be still finger bangin', thinkin' of Shaggy  
So I did what any real pervert would do  
I pull my dick out and fuck till I cum, gonna tag it off to you
