

# Head To Toe

Olly Murs

One, two, three, now im buliding up the courage.

Four, five, six, walking over in a hurry.

What I got girl, I know your gonna love it.

You're gonna love it, yeah.

Just can't wait no not another minute.

Need you now let me tell you what I'm feeling.

You plus me thats the only way I'm winning.

The way I'm winning yeah.

I won't take no for an answer tonight.

Can't you see there's a fire in my eyes?

For you so...

(Chorus)

I don't care what other people say.

Tonight nothing's getting in my way.

I'm gonna get what's mine.

I'm gonna get what's mine.

Head to toe I'm loving what i see.

Girl I know that you were meant for me.

I'm gonna get what's mine.

And baby girl I'm talking to, you.

I'm talking to you...

One, two, three, I can picture you at my place.

Four, five, six and you're telling me its okay to get you undressed.

You know the rest.

Now, I don't want you to think I'm rude.

But I can see myself next to you.

Waking up tomorrow in my bed.

Saying hey let's do it again.

I won't take no for an answer tonight.

Can't you see there's a fire in my eyes.

For you so...

(Chorus)

I don't care what other people say.

Tonigt nothing's getting in my way.

I'm gonna get what's mine.

I'm gonna get what's mine.

Head to toe I'm loving what I see.

Girl I know that you where meant for me.

I'm gonna get what's mine.  
And baby girl im talking to, you.  
I;m talking to you...  
I've got a one tracked mine.  
Look how my heart's on the line.  
The only thing I need.  
Is your body so close to me.  
I won't take no for an answer tonight.  
Can't you see there's a fire in my eyes.  
For you so...

(Chorus)

I don't care what other people say.  
Tonight nothings getting in my way.  
I'm gonna get what's mine.  
I'm gonna get what's mine.  
Head to toe I'm loving what I see.  
Girl I know that you where meant for me.  
I'm gonna get what's mine.  
And baby girl I'm talking to, you.  
I'm talking to you...
