

# Understand

Melanie C

Im looking at the floor  
Im looking anywhere to try to put my head into a different place  
Im stopping it before, before I think about the promise to myself  
That Im about to breakFall into daydreams inside these walls  
I must be out of my mind'Cause I dont even know you but all I do is think about your face  
And I dont wanna call you but I wish I had your number just in case  
And I never thought someone could shake me like you can  
Some things werent designed to understandI hope you didnt see  
I hope you didnt notice if you did I hope you looked away  
Ill keep it all to me, Ill keep on running  
'Cause its only when Im running that I feel safe  
As I fall I must be out of my mind'Cause I dont even know you but all I do is think about your face  
And I dont wanna call you but I wish I had your number just in case  
And I never thought someone could shake me like you can  
Some things werent designed to understandTV shows and cars that wont slow down  
I should be looking for a chance but dont know how  
Disillusion never let me down  
Dont lose it now, dont lose itI dont even know you but all I do is think about your face  
And I dont wanna call you but I wish I had your number just in case  
And I never thought someone could shake me like you can  
Some things werent designed to understand  
Some things I will never understand
