

# Lost and Found

## Golden Earring

From the Album:

\* Cut I am not an object  
Somethin' you throw away  
I am no piece of junk  
That's been left on a stationary train  
I want you to get a message  
To the one that's gonna set me free  
Tell her to hurry - tell her to recognize me  
'Cause I'm beginning to believe  
That forever I'll live on a shelf  
Of the lost
