

Strange Clouds (feat. Lil Wayne)

B.o.B

Yeah, haha
Oh you already know what we gon' do
HeyWell if you guessin' it's me, you guessed correctly
I just stay with a stallion, you would swear I was an equestrian
And um, I'mma hit her with that pipe, call that Nancy Kerrigan
Stay on the greenest greens, call us vegetarians
You be on that minor league, but we smoke professionally
I do my job exceptionally, on point like a decimal is
The way I ride on the beat man
I beat every street, it's done so effortlessly
Yeah, so these niggas can't sleep on me, there's no Inception in this bitch
I'm top chef, you top Ramen, I'm top shelf
No last call, to the bartender, "what you got left?"
Pour it up, don't stop there, hold your cup, take a shot, yeah
All night we celebrate, cause we everywhere and you not there[Chorus: x2]
All we do is pour it up all night, drinks out
(That's all we do, that's all we do)
And all we do is light it up, all night
All you see is strange clouds
(Strange clouds, strange clouds)Uh, blue jeans, I'm faded, mindin' my own data
Smokin' on that strong, that Arnold Schwarzenegger
It's Tunechi Lee, you bitch you
You hot as a igloo
Kick back on that Glock, call that Jiu Jitsu
Hello world, I'm with a yellow girl, number two pencil
These rappers is washed up, spin cycle, rinse you
My nigga, all day, all night, half-pipe
I dive in that pussy, ya I belly flop, I jack knife
And shit, tell my homies that I say it's a party
Yeah, got that tech for technical difficulties
I'm top dog, you top ramen, I'm top dog
Piru, gangsters, outlaws![Chorus: x2]Well ain't no question, yes, it's B.o.B., yes definitely
Up in the studio, I got all my necessities
Look, if you want that real shit, you made the right selection
I'm Decatur 'til I die, yes I rep that definitely
They say I'm a celebrity, what the fuck's a celebrity?
I guess I must invest in the proper form of protection
And I say it's a curse, but it's been mostly a blessin'
To a nigga from the hood

Tryin' to aim for the top, I didn't even need no directions
I just wake up then I roll up the purp
But these niggas wake up on my dick, at least have some breakfast first
Nigga keep your nourishment first, and your mind on my lyrics
Cause what you hopin' to accomplish, I already did it
Bitch! [Chorus: x2]
