Something's Missing

John Mayer

I'm not alone, I wish I was 'Cause then I'd know I was down because

I couldn't find a friend around

To love me like they do right now, they do right nowI'm dizzy from the shopping mall

I searched for joy but I bought it all

It doesn't help the hunger pains

And a thirst I'd have to drown first to ever satiateSomething's missing and I don't know how to fix it Something's missing and I don't know what it is

No, I don't know what it is at all When Autumn comes, it doesn't ask

It just walks in where it left you last

You never know when it starts

Until there's fog inside the glass around your summer heartSomething's missing and I don't know how to fix it Something's missing and I don't know what it is

No, I don't know what it is at allI can't be sure that this state of mind

Is not of my own design

I wish there was an over the counter test

For loneliness, for loneliness like this Something's missing and I don't know how to fix it Something's missing and I don't know what it is

No, I don't know what it is Something's different and I don't know what it is

No, I don't know what it is Friends, check

Money, check

Well-slept, check

Opposite sex, checkGuitar, check

Microphone, check

Messages waiting on me

When I come home, checkHow come everything I think I need

Always comes with batteries?

What do you think it means?

How come everything I think I need
