Other Side

Anberlin

Solitary views of the other side of a plane weâ€™ve yet to know
Will we ever get the chance to walk alone
In this life or when we find out that weâ€™re home
What will we hear there

Love me, love me
Why donâ€™t you know me, know me
Hold me, hold me
And trust me, trust me

Inhabitations through
I can finally forget a past you say you never knew
I reach my hands to the sky

Love me, love me
Why donâ€™t you know me, know me
Hold me, hold me
And trust me, trust me

Love me, love me
Why donâ€™t you know me, know me
Hold me, hold me
And trust me, trust me

Thereâ€™s a time and place
An unknown region of space
I can meet you all there
Throw your arms in the air
Hands towards the sky
And youâ€™ll hear
Hands towards the sky
And youâ€™ll hear

Love me, love me
Why donâ€™t you know me, know me
Hold me, hold me
And trust me, trust me

Love me, love me
Why donâ€™t you know me, just know me

Hold me, hold me
And trust me, trust me
