Better Let It Go (Jack Blades, Kelly Keagy)

Night Ranger

Gotta pull me out
Of this rut I'm in
I've got to see the light
Before it gets too dimTo face it is the only way
To fight and stay ahead
Of the games that we playI'm the one that's losin' losin' out
I'm the one that's choosin' and runnin' outYou better let it go
All those dreams you thought you could do
You better let it go
All those dreams you wanted to doYou better let it go
Let your dreams unfold
Do what you want
You better let it go
You can let goGotta pull away from the way I've been
To stay the same would be a big mistake
To see the truth for what it is
Instead of tellin' myself that's the way it isI'm the one that's losin' losin' out
I'm the one that's choosin' and runnin' outYou better let it go
All those dreams you thought you could do
You better let it go
All those dreams you wanted to doYou better let it go
Let your dreams unfold
Do what you want
You better let it go
You can let goMake no mistake
There's a life to be lived
Make no mistake
There's so much one can give
And all that it takes
Is someone to forgiveI'm the one that's losin' losin' out
I'm the one that's choosin' and runnin' outYou better let it go
All those dreams you thought you could do
You better let it go
All those dreams you wanted to doYou better let it go
Let your dreams unfold
Do what you want
You better let it go
You can let goGotta move me out
Of this rut I'm in

I've got to see the light
Before it gets too dimGotta move away from the way I've been
To stay the same would be a big mistakeYou better let it go
You better let it go
You better let it go
