

# Ice on the Sheets

## Ugly Casanova

Committing crimes and were running down the alley  
I am the captain, youre in the galley  
We just got done swapping our IDs  
With this girl she said that she was hungryIce on the sheets, look at the floor  
Son as I can walk I walk out the door and never stop  
Ice on the sheets look at the floor  
As soon as I can walk I walk out the door and never stopI'm look'n at an old photograph  
It looked like we took it at gunpoint so I had to laugh  
Look at the ice, look at the floor ice on the sheets  
And I'm on the floor I never stopA wholeness comes and you feel a phenomenon  
I cant die, I just keep on going  
Got there and a brand new put 'em by the bed now bad karma beside me  
You got to where you look at your shoes and you say hey, hey  
Ice on the sheet a weeks worth of pay and all the MondayI'm out of breath, I'm out of wits  
I'm out of these every day of the week, oh yeah  
I am the captain, youre in the galley  
Committing crimes and were running down the alleyWith this girl she said that she was hungry  
We just got done swapping our IDs  
Committing crimes and were running down the alley  
With this girl she said that she was hungryI am the captain, youre in the galley  
Like back in the day where everywhere was the sticks
