

# Nothing That I Love More

## India.arie

This love has been tested  
Has been tried  
Has been questioned  
Held to the fire  
It has faced stones, the wind and rain

It has been thought to feel some pain  
This love has no doubts from certainty  
It has no patience in urgency  
It has it's haters, will have it's fans  
Will have it's freedom and it's demands

But this love, hold it, hold it  
Never get rid of  
Hold it, hold it  
Oh, never get rid of  
Hold it  
This love

But this love, hold it, hold it  
Never get rid of  
Hold it, hold it  
Oh, never get rid of  
Hold it  
This love

Will have glory, will have shame  
Will be praised, it will be blamed  
Will have passion, will have it's purpose  
Will have it's price and it's all worth it  
At times will triumph, at times will fail  
It can be heaven, well, it can be hell  
It'll be right, it can be wrong  
For the rest of my life I'm gonna sing my song

This love, hold it, hold it  
Never get rid of  
Hold it, hold it  
Oh, never get rid of

This love

This love, hold it, hold it

Never get rid of

Hold it, hold it

This love

Oh, never get rid of

Hold it
