

# Growing

## JEFF the Brotherhood

Hey what happened when you were born  
Could you read a book, Could you swim around  
Did you have a funny feeling  
Did you taste the dirt, Did you touch the ground  
Have you ever been to the beach  
Are you eleven, Are you proud of that  
Do you have a baby growing  
Are you curious, Are you coming back

We saw the future when we were born  
I could read a book, I could swim around  
Yes we had some funny feelings  
I could taste the dirt, I could feel the ground

We have never been to the beach  
I am eleven, And I'm proud of that  
Yes we have a baby growing  
And I'm curious, And I'm coming back

---
