Vital

Grouper

Vital, vital, vital
Vital, vital, vital
Died by the stairs
Hes the man who, ...together in space
Searching my soul...
breaking it all forever in me
by the boat, by the boat ...this far away
follow this ... lead, I pray
Vital, vital, vital
Vital, vital, vitalHes the man who, ...together in space
Searching my soul...
breaking it all forever in me
by the boat, by the boat ...this far away
follow this ... lead, I pray.
