

# I Knew

## The Reivers

Was it true that he had hard hands  
Always pictured him hungry with a gun in his hand  
    Dirty boots and a steel frame  
Will make it easy for the devil to stay home in the rain

I woke up to my favourite song  
A song about heaven and where we went wrong  
    They carry me into the night  
Till you go something you took the love of my life

And I knew  
I knew love  
And I knew  
I knew love

But I never ever thought that I'd need someone like you  
    Your spirit shot bullets you were something new  
And your eyes then you knew they cleared the dust from my brain  
    Heading down the highway doin' a 110

And I hope that this is the good in me  
Just take a look behind at your destiny  
    His head in the sky a sweet sweet sound  
The one I want to be around

And I knew  
I knew love  
And I knew  
I knew love

Make it real and take off into dust  
Don't look back and turn it into diamonds

And I knew  
I knew love

---
