

# 5 Years of Silence

## Sunk Loto

Why can't you see what you're doing to me  
Is gonna take more than 5 years of silence & drugs to repair.  
Because you're blinded by greed, you've got the liar disease.  
I think emotional blackmail is fair.  
I think a violent disease would be fair. Can't you see that you're dyin' alone, dyin' alone?  
Can't you see that you're dyin' alone, dyin' alone? Why can't you see what you're doing to me  
Is gonna take more than 5 years of silence & drugs to repair.  
I think a violent disease would be fair. You destroyed me...  
5 years of silence...  
5 years of life alone.
