# Not Like You

## Nocturnal Rites

Busted down and broken
All in two
But you never thought
This would happen to you
Wake up and stumble
Trip and fall
You had so much
And now you've lost it all
How could you do it?
(How could you do it?)
It's not like you
(Ahh)
To be the one to lose
(Ahh)
Why did you do it?
(Why did you do it?)
It's not like you
(Ahh)
But I'll be around you
(Ahh)
Such a sad and sorry
Twist of fate
You tried to change
But it's too late
If you ever find out
What you do
Well, then it'll all
Come back to you
How could you do it?

(How could you do it?)
It's not like you
(Ahh)
To be the one to lose
(Ahh)
Why did you do it?
(Why did you do it?)
It's not like you
But I'll be around for you, yes

(Ooh)
Busted down and broken
All in two
But you never thought
This would happen to you
(Ahh)
Wake up and stumble
Trip and fall
You had so much
Now you've lost it all
(Ahh)
How could you do it?
(How could you do it?)
It's not like you
To be the one to lose
Why did you do it?
(Why did you do it?)
It's not like you
But I'll be around for you, yeah
(Ooh)
