Picture Perfect (feat. Phonte)

Eric Roberson

Girl, you are picture perfect
A perfect picture in my eyes
Girl, you are picture perfect
A perfect picture, yes you areI couldn't draw you better baby
You are so define,
I guess God took his time
When he came up with your design
I couldn't draw you better baby
Words just can't describe
How you look under these stars tonight
Blessin' to my eyesGirl, you are picture perfect
A perfect picture in my eyes
Girl, you are picture perfect
A perfect picture, yes you areI couldn't draw you better baby
Just holding your hand gives me
Satisfaction similar to when two lovers dance
Couldn't draw you better baby
Neck was made for me to kiss on
All my songs have seem to run on
If I write about you!Girl, you are picture perfect
A perfect picture yes you are
Girl, you are picture perfect
A perfect picture, yes you areI couldn't draw you better baby
Look into your eyes I see
Beauty is not always skin deep
I'm in love with your mind (oh yeah)
Couldn't draw you better baby
Only dreams can duplicate you
I thank God each day he made you
And that you chose me!Girl, you are picture perfect
A perfect picture in my eyes
Girl, you are picture perfect
A perfect picture, yes you areListen!
If you must know girl you're my experiment
Your body is a canvas and Imma hit her with long
Brush strokes, got her callin my name
I ain't formally trained, I'm just drawing from experience
Worth more than millions, holler if you're feeling it
Real love that takes care of all of your needs

So beautiful you fall to your knees
In an instant like it was a Rembrandt or a Matisse
Cause it's nothing like the new freedom of two beings
Being in love, you see 'em
Holding hands broad daylight 2pm
Perfect portrait that's worthy of a museum
I can't call it, conclusion I can't draw it
Can't understand why so many still heartless
Trying to find imperfections in the Mona Lisa
Even if you find one baby, it's still flawless
Check me out!I couldn't draw you better baby
I couldn't draw you better baby
I couldn't draw you better baby
I couldn't draw you better baby
