Loving You Still

Tamia

Fell in love, had everything that I wanted
What a life for me?
Now a thing don't mean a thing since we've parted
Meant the world to meAnd though my heart's still beatin'
When will I breathe again?
And when will someone wake me from
This awful dream I'm in?If you could see the way I live my life
If you could see the way I cry at night
If you could understand the reasons why
That I'm lovin' you stillIf you could hear me when I call your name
You gotta know it's drivin' me insane
I know I'll never ever love again
'Cuz I'm lovin' you stillI had someone watch over me, my protector
Kept me safe and warm
I had someone makin' love to me, I thought forever
But forever now is goneSo I spend my days pretendin'
I spend my nights alone
I've never missed somebody so
I've never loved so strongIf you could see the way I live my life
If you could see the way I cry at night
If you could understand the reasons why
That I'm lovin' you still, ohIf you could hear me when I call your name
You gotta know it's drivin' me insane
I know I'll never ever love again
'Cuz I'm lovin' you stillAnd now that you have gone away
Lord, knows that I, that I must pray
That we will meet again
But until then, ohhIf you could see the way I live my life
If you could see the way I cry at night
If you could understand the reasons why
That I'm lovin' you, I'm in love with you stillCould hear me when I call your name
It's drivin' me insane
You know I'll never ever love again
I'm lovin' you stillIf you could understand the reasons why
That I'm lovin' you, I'm in love with you still
Could hear me when I call your name
It's drivin' me insane
You know I'll never ever love again
'Cuz I'm lovin' you stillNever love, cryin' now

Lovin' you still
Call your name
