

# Children Of The Sun

## Dead Can Dance

We are ancient  
As ancient as the sun  
We came from the ocean  
Once our ancestral home  
So that one day  
We could all return  
To our birthright  
The great celestial dome  
We are the children of the sun  
Our journey's just begun  
Sunflowers in our hair  
We are the children of the sun  
There is room for everyone  
Sunflowers in our hair  
Throughout the ages  
Of iron, bronze, and stone  
We marvelled at the night sky  
And what may lie beyond  
We burned our frames  
To the elemental ones  
Made sacrifices  
For beauty, peace and love  
We are the children of the sun  
Our kingdom will come

Sunflowers in our hair  
We are the children of the sun  
Our carnival's began  
Our songs will fill the air  
And you know it's time  
To look for reasons why  
Just reach up and touch the sky  
To the heavens we will sing  
We are the children of the sun  
Our journey has begun  
Are we older children  
Come out at night  
And even soulless  
Great hunger in their eyes

Unaware of the beauty  
That sleeps tonight  
And all the queen's horses  
And all the king's men  
Will never put these children back  
Together again  
Faith, hope, our charities  
Breathe slow, our enemies  
We are the children of the sun  
We are the children of the sun
