No Rush

Sebastian Weikum

Darlin', it seems like the whole world's just turnin' so fast
Everything's changin' and we're just tryin' to keep up
But we, we've something special here, something worth waitin' for
Yeah, we're right on the edge of fallin', fallin' in love
No rush, no rush, ain't this world turnin', baby
Fast enough?
Let's slow it on down to just the two of us
No rush
Walkin', talkin', dreamin' with you
Wonderin' and tell me baby, I've been wonderin', yeah
Are you feelin' it too?
No rush, no rush, we've got forever, baby
For catchin' up
Let's lay it on back to the speed of love
No rush
No rush, no rush, ain't this world turnin', baby
Fast enough?
Let's slow it on down to just the two of us
No rush
No rush, no rush, we've got forever, baby
For catchin' up
Let's lay it on back to the speed of love
No rush
Let's slow it on down to just the two of us
No rush
