

# When I See You Smile

**Bic Runga**

When I see you smile it feels like I'm falling  
It's not for anybody else to know  
The way your face could light  
The bitter dark of every street  
In every town I'll ever go  
It's not for anybody else to know  
For anybody else to know When I see you smile first thing in the morning  
It raises curtains on your lazy eyes  
Could it be that you and I  
Have the greatest love to ever be How could this have ever been before?  
It's not for anybody else to know  
For anybody else to know When Friday night arrives  
We'll let it pass outside the door  
This is not for anybody else  
Anybody else to know
