Lil Wayne-

scott storch got torch and weezy f got fire
yes and we bringing back miss. mya

Mya-
if i had a dollar for all of the times i thought i found the right one
i'd be a billionaire then i could ride out and buy the right one
i wouldn't mind a dude that could take my attitude and take time to listen
someone that understands when i need a lil space and when i need attention

[hook]:
what i'm looking for real
somebody with direction
somebody with affection
that knows how to put it on me
that's what i need

somebody who can read me
check me when i need to be
pick me up when i'm fallin
that's what i need

[chorus]:
so when i find you
i'll never let you get away
never let you slip away
ima lock u down, lock u down

and wheni see you
i'll never look the other way
never let you slip away
ima lock u down, lock u down

Mya-
i been around the world a couple times and i swear it never seeses to amaze me

how many different guys use the same tired lines trying to amaze me
it doesn't take a lot to put a smile on my face i'm not high maintenance
you just gotta be honest from the toe and your heart's gotta be dedicated

[hook]

[chorus]

Lil Wayne-
uhh

walking around my beach veiw
three bedroom penthouse seethrough
just windows rich ass ninfos

where you oughtta be
on the charter
come in the young carter
you need direction i can take you farther
you need affection i can cruch on you harder
you need protection, protection
sweetheart i'm fresh off election
and if you're checkin i won't be far
i'll be right on your radar

Mya-
like an ancor in the water
i got my pride, your tease in order
that means you would be the only one love in my life i would vow to never leave you
rub your back boy i would do anything to please you
all you gotta do is come around
and ima lock you down

[chorus]x2

i'll lock you down
when i see you
i'll put a pad lock on you baby
