Turn It Up

Brandy

Give me a sour power
I'ma need a sponge roller and some sweet pajamas
Give me some Donnie Simpson
On video soul where I got my first attention
'Cause I don't wanna sound familiar
Want a guaranteed single, not an album filler
Give me some 90's music
I want Timbaland on it, I know he can do it
All my people they hear this and be askin' "What?"
Brandy on the radio, turn it up
Timbaland, you know how to bang the club
Give my people something to shake their butts
All my people they hear this and be askin' "What?"
Brandy on the radio, turn it up
Timbaland, you know how to bang the clubs
Give my people something to shake their butts
It's something big
The kid n' play reunion
Give me house party, give me house of music
Yup, gimme 92 and
Lemme do my thing on it so they won't refuse it
Get baby girl's attention
She's more than a woman and we sure do miss her
I wanna represent her
Timbaland, missy, you get the picture
Give it up, we gon' show you how we party
Give it up, we gon' show you how we party
Give it up, we gon' show you how we party
Give it up, we gon' show you how we party
All my people they hear this and be askin' "What?"
Brandy on the radio, turn it up
Timbaland, you know how to bang the clubs
Give my people something to shake their butts
All my people they hear this and be askin' "What?"
Brandy on the radio, turn it up
Timbaland, you know how to bang the clubs
Give my people something to shake their butts
Bang this joint for all the clubs

All my people, all my folks
Hit the streets and tell your friends
Your girl brandy is back again
Is everybody ready?
Here I come
Is everybody ready?
It's been long enough
Is everybody ready?
I'm overdue
Is everybody ready?
Here for you
All my people they hear this and be askin' "What?"
Brandy on the radio, turn it up
Timbaland, you know how to bang the clubs
Give my people something to shake their butts
All my people they hear this and be askin' "What?"
Brandy on the radio, turn it up
Timbaland, you know how to bang the clubs
Give my people something to shake their butts
Give me a sour power
I'ma need a sponge roller and some sweet pajamas
Give me some Donnie Simpson
On video soul where I got my first attention
Give me a sour power
I'ma need a sponge roller and some sweet pajamas
Give me some Donnie Simpson
On video soul where I got my first attention
Give me some 90's music
I want Timbaland on it, I know he can do it
Give me some 90's music
I want Timbaland on it, I know he can do it
Give me some 90's music
I want Timbaland on it, I know he can do it
Give me some 90's music
I want Timbaland on it, I know he can do it
Give me some 90's music
I want Timbaland on it, I know he can do it
