## Turn It Up

## **Brandy**

Give me a sour power I'ma need a sponge roller and some sweet pajamas Give me some Donnie Simpson On video soul where I got my first attention 'Cause I don't wanna sound familiar Want a guaranteed single, not an album filler Give me some 90's music I want Timbaland on it, I know he can do it All my people they hear this and be askin' "What?" Brandy on the radio, turn it up Timbaland, you know how to bang the club Give my people something to shake their butts All my people they hear this and be askin' "What?" Brandy on the radio, turn it up Timbaland, you know how to bang the clubs Give my people something to shake their butts It's something big The kid n' play reunion Give me house party, give me house of music Yup, gimme 92 and Lemme do my thing on it so they won't refuse it Get baby girl's attention She's more than a woman and we sure do miss her I wanna represent her Timbaland, missy, you get the picture Give it up, we gon' show you how we party Give it up, we gon' show you how we party Give it up, we gon' show you how we party Give it up, we gon' show you how we party All my people they hear this and be askin' "What?" Brandy on the radio, turn it up Timbaland, you know how to bang the clubs Give my people something to shake their butts All my people they hear this and be askin' "What?" Brandy on the radio, turn it up Timbaland, you know how to bang the clubs Give my people something to shake their butts Bang this joint for all the clubs

All my people, all my folks

Hit the streets and tell your friends

Your girl brandy is back again

Is everybody ready?

Here I come

Is everybody ready?

It's been long enough

Is everybody ready?

I'm overdue

Is everybody ready?

All my people they hear this and be askin' "What?"

Brandy on the radio, turn it up

Timbaland, you know how to bang the clubs

Give my people something to shake their butts

All my people they hear this and be askin' "What?"

Brandy on the radio, turn it up

Timbaland, you know how to bang the clubs

Give my people something to shake their butts

Give me a sour power

I'ma need a sponge roller and some sweet pajamas

Here for you

Give me some Donnie Simpson
On video soul where I got my first attention
Give me a sour power

I'ma need a sponge roller and some sweet pajamas
Give me some Donnie Simpson
On video soul where I got my first attention
Give me some 90's music

I want Timbaland on it, I know he can do it Give me some 90's music

I want Timbaland on it, I know he can do it Give me some 90's music

I want Timbaland on it, I know he can do it Give me some 90's music

I want Timbaland on it, I know he can do it Give me some 90's music

I want Timbaland on it, I know he can do it
