

Don't Leave

Faithless

Packing your bags like people in the movies do
All severe, and not saying a word
And I'm sitting down here just watching you
And I'm thinking, where is all the love gone?
Where's the love gone to? Don't leave, you got me hurting, don't leave
You know it's never been easy to love someone like me
Oh, don't leave Hanging with friends like we used to do
I didn't know anything was wrong
And last night while I was thinking it through
Trying to find who am I and what you need me to do?
Don't leave There's a record you used to play
There's Judy singing 'Best to be without you'
And I know just what she's singing 'In the arm' for
Where did all the love go?
Where's the love gone to? Don't leave, you got me hurting, don't leave
You know it's never been easy to love someone like me
Oh, don't leave Where did all the love go?
Where's the love gone to?
Don't leave We'll fly around the world
Give you what you're giving me
I should've dressed you up in pearl
Finest silk to touch your skin
Don't know how to write a love song But don't leave, you got me hurting, don't leave
You know it's never been easy to love someone like me
Don't leave, don't leave, don't leave, don't leave
