

# You Are Fading

## Editors

I'll lose this I always have  
I'll always let you down  
I'll lose this I always have  
I'll always let you down Make your way up to the stars  
It's there where you belong I'll lose this I always have  
I'll always let you down Waiting, you are  
Fading, you are  
Slowly drift off to sleep Waiting, you are  
Fading, you are  
Slowly drift off to sleep Waiting, you are  
Fading, you are  
Slowly drift off to sleep
