

# I Tried

[Anthony Hamilton](#)

Tried for so long for you to hold on  
But you won't be long to anyone  
Anything, any love at all I thought we had it all until things started to recede  
Giving me no love at all not caring enough about my needs  
Gave you my heart and all my soul but not once did I let go  
And I tried to stick by you and I tried to call to let you know  
That I'm here for you and I'm give my all Tried for so long for you to hold on  
But you want belong to anyone  
Anything, any love at all You had the best love of you life  
But you didn't treat it right, no you didn't, no you didn't girl  
To busy running out all night long, didn't even have the decency to just  
Pick up the telephone, and just call me, and let me know where you were  
And that your alright, so I can sleep at night, girl you showed out so  
Had the nerve to break up our happy home, all I want to do, is do for you Tried for so long, for you to hold on  
But you want be long, to anyone  
Anything, any love, at all I stood by your side, sheltered for you, when things were down  
I help pull you through, Faithful and all, trusting and warm, but you took heart by storm Tried for so long for  
you to hold on  
But you won't be long to anyone  
Anything, any love at all
